# Introduction

This document applies to the CSAS Interim Terms.

This document sets out the Charges and other amounts payable in connection with NBN Co's supply of the CSAS.

Charges in this CSAS Price List are separated into recurring Charges and other Charges. Recurring Charges are periodic amounts which are payable in each Billing Period that a product or service is supplied by NBN Co to Customer. Other Charges are non-recurring and are payable only when certain activities or events occur (e.g. installations, disconnections).

Details of the CSAS Service Fault Rectification Rebate are set out in the CSAS Service Levels Schedule.
